About eRA

Research at UCT continues to grow year-on-year: every year, more research contracts are signed, and the number of postgraduates and postdoctoral fellows continues to grow. UCT continues to increase our publication count and attract more donations and funding. At the same time, the business of research management is rapidly changing with the exponential growth of big data, open access and international collaboration. Furthermore, universities face additional challenges as governments restrict research funding and donors demand more from research groups. It is clear that supporting the research enterprise of a university is becoming an increasingly complex task. In order to remain on top of our game and continue to make our mark both locally and internationally, UCT is implementing an electronic research administration (eRA) system, to provide technological solutions to the problems we have identified. The cornerstone of the system is Converis, supplied by Clarivate Analytics.

The research project lifecycle was a cumbersome administrative process, made all the more difficult by minimal online systems, duplicate data entry, a lack of templates and many manual steps involving internal mail or hand delivery. The implementation of eRA is changing that, lifting the administrative burden through automation, and streamlining the process at every step of the research project lifecycle.

As the diagram to the left shows, eRA will provide researchers with:

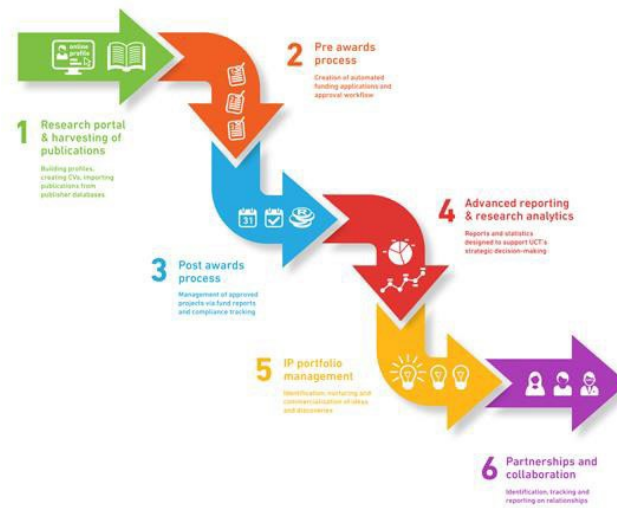

- a ‘one-stop shop’ to manage and track the administrative workflow within a project lifecycle and beyond
- user-friendly software that guides them from the point where an idea is born and a funding opportunity identified, through to post-publication with automatic CV updates
- streamlined and automated workflows, where all parties involved – including ethics, finance, and research contracts – are automatically notified of a project application coming their way
- the opportunity to track their applications and approvals through the automated process, reducing the risk of an application lying unseen in an inbox
- enable researchers to keep on top of their contract compliance requirements and integrate with SAP to track project funds. Through its online portal, researchers can create and manage their CV which they can draw on to apply for grants and funding and use to create a publicly visible profile.

What eRA means for the university

The implementation of eRA is freeing up resources so that UCT can offer more comprehensive research support and more efficient administration. eRA will allow for:

- improved strategic understanding of all research
- improved ability to track research impact and collaborations
- reduced financial risk through improved financial controls
- improved support for researchers, including proposal development, and
- better management of data, analytics and reporting to support strategic decision-making and control.

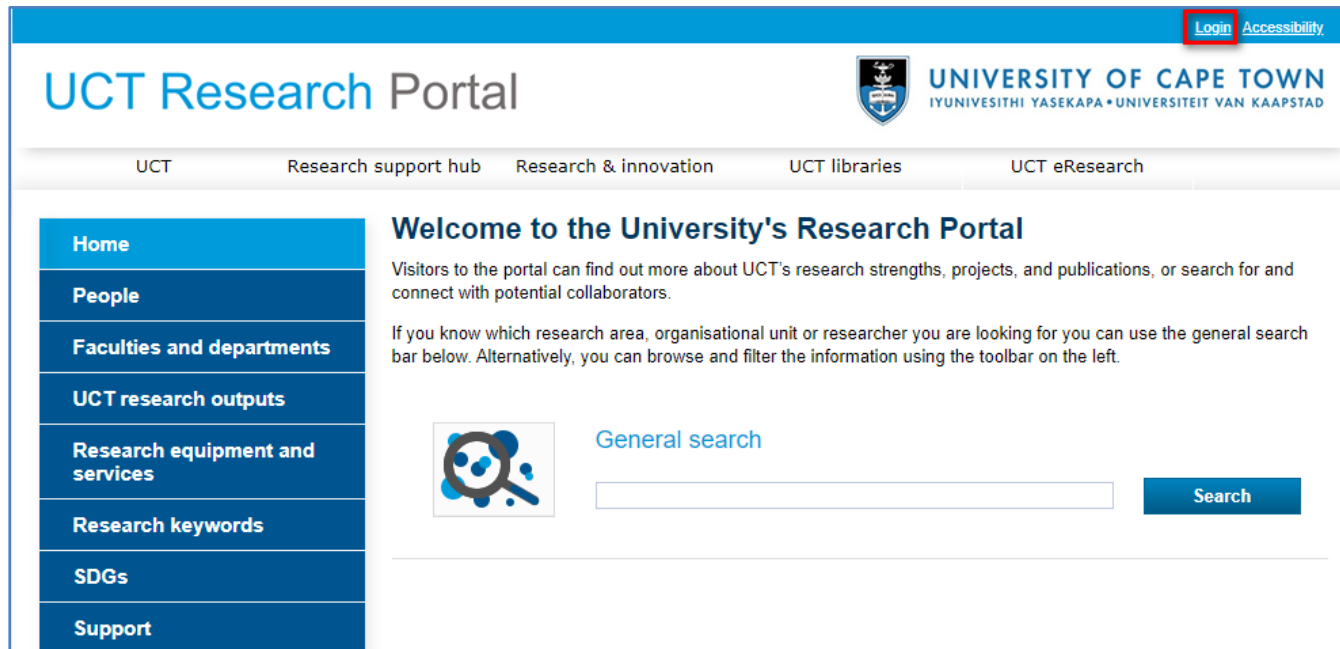

The implementation of eRA is being overseen by a team of specialists who are working on developing the systems according to UCT's needs, rollout of live modules, training of relevant staff and ongoing help-desk support.

Module 1: Logging on to the eRA system

- **Lesson Objectives:**
- Learn how to log in to the eRA system

The screenshot shows the UCT Research Portal website. At the top right, there are links for 'Login' and 'Accessibility'. The main header includes the UCT Research Portal logo and the University of Cape Town name in English and Afrikaans. Below the header is a navigation menu with 'UCT', 'Research support hub', 'Research & innovation', 'UCT libraries', and 'UCT eResearch'. The main content area features a 'Welcome to the University's Research Portal' message, a general search bar with a 'Search' button, and a sidebar with navigation options: Home, People, Faculties and departments, UCT research outputs, Research equipment and services, Research keywords, SDGs, and Support.

Access the eRA system by using this link: https://eraonline.uct.ac.za/converis/portal/overview?lang=en_GB

Click on **Login** at the top right-hand corner.

If you are not already logged in to another UCT platform, you will be prompted to enter your UCT credentials to login. You must be aware to use your student role or researcher role after logging in.

Sign in with your UCT username and password.

A screenshot of a user dashboard for Edward Peter Rybicki. The dashboard includes a navigation menu on the left with options like Dashboard, Publications, Award Management, APC and Page Cost forms, CV Activities, Ethics Submissions, Reviews, Notifications, and Statistics. The main content area shows the user's profile, a photo, and statistics: 9519 Publications, 445 Times Cited, and 11 H-index. Below this, there is a "Things to do" section with three items: 1 Shortlisted research application(s) require additional information, 3 Research application(s) for completion, and 39 Research output(s) saved in draft status. A red arrow points from the "Ethics Submissions" menu item to the profile picture.

Module 2: Pre-Screening Questionnaire

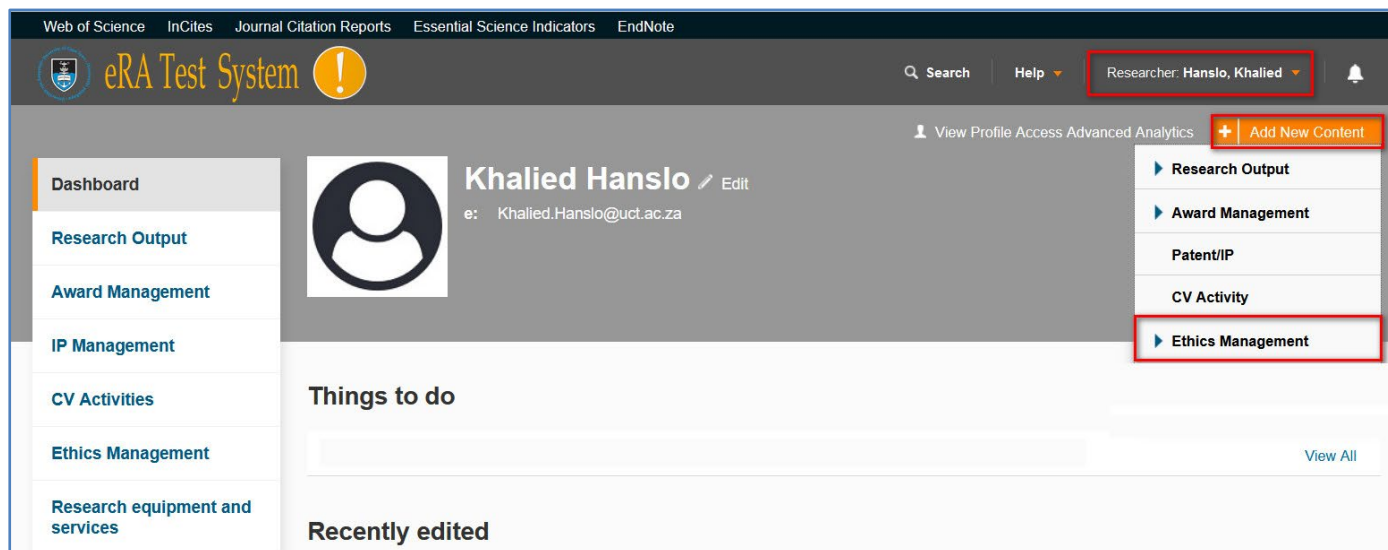

Lesson Objectives:

As a Researcher or Student you will learn how to initiate and complete a pre-screening questionnaire for ethics approval.

It is important to note that as a user in eRA; you can switch roles. You can switch to different roles by using the orange down arrow on the top right as shown in the steps below:

A screenshot of the eRA user interface for Edward Peter Rybicki. The user's profile is visible at the top, showing their name, location (Cape Town), and email. A dropdown menu is open, listing various roles. The role 'Committee EXCO: Rybicki, Edward Peter (Ed)' is highlighted with a red box. The 'Things to do' section lists several tasks, including shortlisted research applications, research applications for completion, research outputs saved in draft status, research outputs returned for clarification, and research applications conditionally awarded. The right sidebar shows a list of roles, including 'RC&I Contracts Manager: Rybicki, Edward Peter (Ed)', 'Researcher: Rybicki, Edward Peter (Ed)', 'Researcher: Abrahams, Melissa (Melissa)', 'RO Administration: UNIVERSITY OF CAPE TOWN', 'Research Funding Administrator: UNIVERSITY OF CAPE TOWN', 'Department Administrator: Dept. of Historical Studies (Faculty of Humanite...)', 'Committee Administrator: Rybicki, Edward Peter (Ed)', 'Committee EXCO: Rybicki, Edward Peter (Ed)', and 'Faculty Coordinator: Faculty of Humanities (UNIVERSITY OF CAPE T...)'.

This is what your dashboard will look like if you are a student.

Instructions:

1. Click **Add New Content**
2. Click **Ethics Management**
3. Click **Pre-Screening Questionnaire**

Once you have opened the Pre-Screening Questionnaire you may complete the form

Select yes or no	▼
Select yes or no	
Yes	
No	

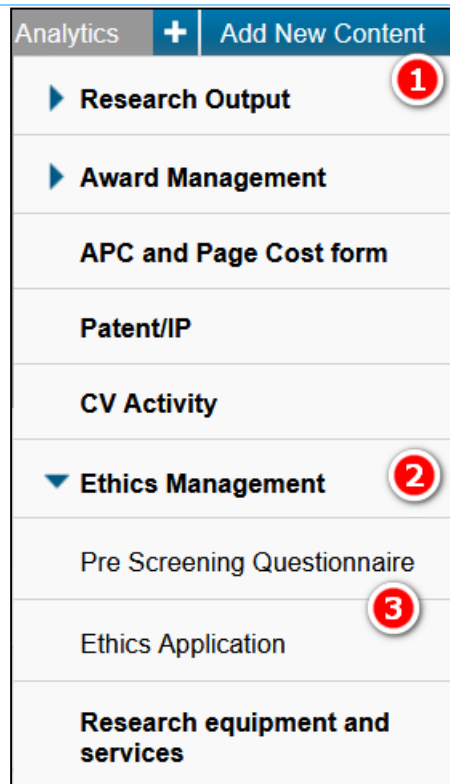

The applicant must complete each question in the form by selecting the appropriate **Yes** or **No** response in the dropdown box.

This ethics pre-screening checklist will help determine whether or not ethics review and approval is needed for your research. Complete if you think your research project does not require ethics approval by a Research Ethics Committee (REC) because it does not prospectively involve humans or their data. (See comment below for animal research)

Animal Research and Biosafety: This pre-screening questionnaire does not cover animal research or research with Biosafety concerns. If you plan any form of animal research or research with biohazards, please consult with your and faculty animal or biosafety committee.

All research projects that directly and prospectively involve either human or animals require ethics approval from a UCT Research Ethics Committee. The UCT Responsible Conduct of Research Policy can be found here for further information. Even if your study does not require formal ethical review, you must adhere to professional guidelines/regulatory requirements in your field as well.

This pre-screening questionnaire also captures issues that may trigger the Protection of Personal Information Act (POPIA) and require review by a REC as a safeguard. Researchers, including students and their supervisors, are responsible for ensuring they get appropriate ethics approval for all projects that require such approval, and if in doubt consult appropriately e.g., with supervisors, REC Chairperson or administrator, or the Office of Research Integrity.

The Applicant navigates to pre-screening:

1. Click **Add New Content**
2. Click **Ethics Management**
3. Click **Pre-Screening Questionnaire**

Principal Investigators *

Project Title *

Is this specifically for a degree or any other qualification purposes? *

Abstract *

The Applicant adds principal investigator, project title, abstract and Supervisor

Supervisor

Click on the **blue plus sign** and insert the name of the **Supervisor**

The screenshot shows a search interface with a text input field containing 'TEST|'. Below the input field is a search results window titled 'Search results for TEST'. The results are displayed in a list with a vertical scrollbar on the right. Each result line starts with a blue plus sign icon followed by the name and organization details. The results are:

- + Testitest, Thor - Chief Executive - Professional Communication Studies (Active)
- + Abalis Dasai, Shewdong (Abalis) - Testing123 - Centre for Film & Media Studies (Active)
- + Test, Khalied - Faculty of Health Sciences (Active)
- + Kunene, Khaya Malume Cool Cat - This is my Job Title Clarivate TEST - Research Office (Active)
- + LTestitest, TestitestLT - testLT (Active)
- + LTestitest, TestitestLT - OrgaTestLT (Active)

A **search window** will appear where you may insert your search term. A **dropdown menu** will appear which will allow you to select the appropriate option by clicking on the **plus sign** adjacent to the name.

Name	Organisation	
Test,	Faculty (UNIVERSITY OF CAPE T...)	 

Your selection will appear allowing you to continue with completing the form.

Does your project involve: *

Direct interaction with human participants including via questionnaires, interviews or experimental interventions? *

Select yes or no

Analysis of secondary human data (data initially collected for another purpose) that contains any potential identifying personal information (with or without their knowledge or consent at the time)? *

Select yes or no

Research on stored data or biological specimens where the researcher has access to codes that link the data to personal identifying information? *

Select yes or no

Research that requires data matching or merging of databases where a personal identifier such as name, ID, student number, etc. will be used to link data? *

Select yes or no

Observation of persons in a context where they would reasonably have an expectation of privacy – even if the individual is in a public place? *

Select yes or no

Access to historical or other archives/repositories that contain identifiable information of living persons or confidential institutional or company information? *

Select yes or no

Access to historical or other archives/repositories that contain information about deceased persons that may be regarded as sensitive? *

Select yes or no

Social media research without direct consent in contexts where data subjects would not anticipate being researched, where their data may have been placed in the public domain without their knowledge or consent, or where the research questions could be regarded as ethically sensitive even if information is in the public domain? *

Select yes or no

Quality assurance studies and program evaluations where you are likely to publish or present the results so that they can contribute to generalisable knowledge? *

Select yes or no

If you have all NO answers complete the rest of the form

If the Artificial Intelligence question applies to your application, then it will provide you with a LinkedIn hyperlink to the Artificial Intelligence proposed act which you can read and be informed about

Machine Learning or/and Artificial Intelligence algorithms with more than a minimal risk potential? *

Save

Save & close

Applicant will submit the application by clicking **Save & Close**

If they need to save the form to come back to it later, they can select **Draft**.

If the applicant is satisfied with the completion of the form, they can select **Supervisor review**. This will send a notification to the **Supervisor** to alert them that there is a form for them to review.

Select next step

Please select the next step below and add an optional comment.

Draft

Supervisor review

The student can select **Supervisor review**. This will send a notification to the **Supervisor** to alert them that there is a form for them to review.

Module 3: Supervisor

After the Student submits the Pre-Screening Questionnaire, a notification will be received by the **Supervisor**. They will be prompted to log in and review the application.

The **Supervisor** will log in to eRA, once they have logged in, they need to switch to the **Supervisor** role by clicking the dropdown arrow next to their name then selecting **Switch Role** after which they can choose **Supervisor**. The **Supervisor** will check all the fields that they have been correctly and accurately populated.

Departmental Authority

This section is for staff **Researchers** and **Supervisors** only. Please add the Departmental Authority responsible for ethics review below. The list of Departmental Authorities by Faculty is available below:

1. Commerce Research Ethics Committee
2. Engineering Research Ethics Committee
3. Human Research Ethics Committee
4. Law Research Ethics Committee
5. Animal Research Ethics Committee
6. Biosafety Research Ethics Committee

Departmental Authority *

The Supervisor will need to select the **Departmental Authority** click on the **blue plus sign** and insert the name of the **Departmental Authority**.

1.Key Information * 2.Declarations *

Declaration by Applicant *

I declare that all the information provided is correct and that I have consulted adequately prior to completing this form. *

I acknowledge that by submitting this form I take full responsibility for its contents. *

I accept that if I conclude my research project without obtaining REC approval and it is determined that research ethics approval by a REC was required for my research project, I will be held accountable. *

Declaration by Supervisor

I declare that all the information provided is correct and that I have reviewed the applicant's research project and have concluded that ethics approval by an REC is not required for this project.

←

The **Supervisor** completes the declaration by clicking the **check box**.

Cancel Save Save & close

The **Supervisor** will submit the application by clicking **Save & Close**

Select next step

Please select the next step below and add an optional comment.

Returned for clarification

Supervisor review

Departmental Authority review

Cancel Done

The Supervisor sends the form onto the Departmental Authority.

A popup box will appear. They can choose from **Returned for clarification** for changes that need to be made or select **Departmental Authority Review** and then click **Done**

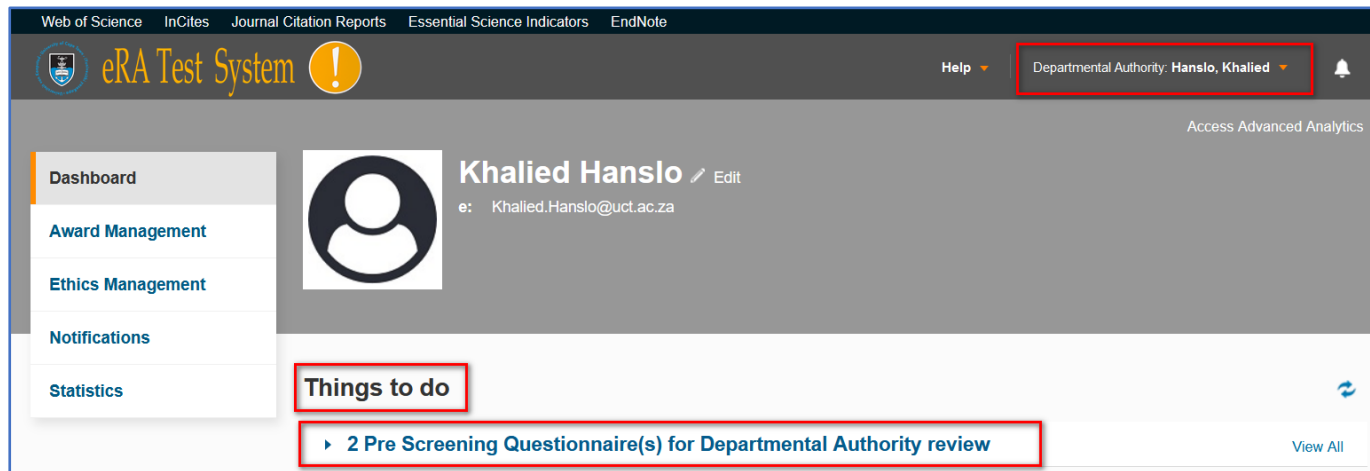

The Departmental Authority will receive a notification in email advising them an application is ready for review.

Module 4: Departmental Authority

After the Supervisor submits the Pre-Screening Questionnaire from the student and a notification will be received by the Departmental Authority. They will be prompted to log in and review the application

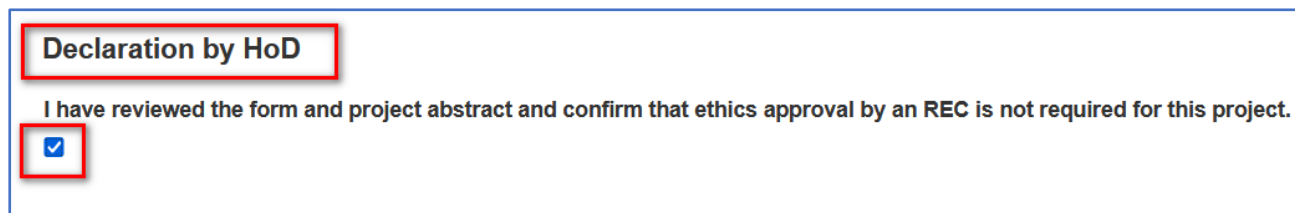

The Departmental Authority will log in and switch role to Departmental Authority role.

Under **Things to do** they will select the application that requires reviewing.

The screenshot shows the eRA Test System dashboard. At the top, there are navigation links for Web of Science, InCites, Journal Citation Reports, Essential Science Indicators, and EndNote. The user is logged in as 'Departmental Authority: Hanslo, Khalied'. The dashboard includes a sidebar with 'Dashboard', 'Award Management', 'Ethics Management', 'Notifications', and 'Statistics'. The main content area shows the user's profile for 'Khalied Hanslo' with an email address 'Khalied.Hanslo@uct.ac.za'. A 'Things to do' notification is highlighted, indicating '2 Pre Screening Questionnaire(s) for Departmental Authority review'.

The form will open, and the Departmental Authority will be able to review the application. Once they have checked the form, they can complete the declaration by HoD.

The screenshot shows a 'Declaration by HoD' form. The text reads: 'I have reviewed the form and project abstract and confirm that ethics approval by an REC is not required for this project.' Below the text is a checked checkbox.

The Departmental Authority can click in the check box and provide the approval.

The Departmental Authority makes a decision and returns the form to the student.

Select next step

Please select the next step below and add an optional comment.

Returned for clarification

Departmental Authority review

Completed - Full Ethics Application not required

Completed - Full Ethics Application required

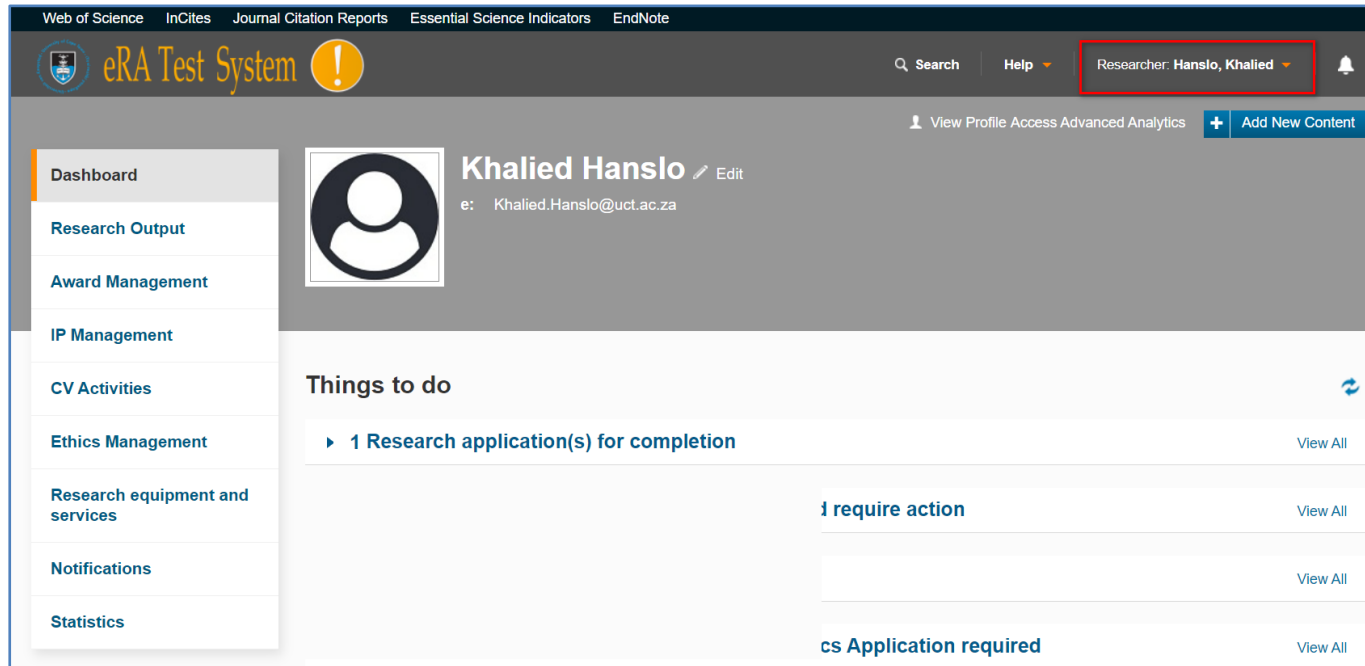

Cancel Done

A popup box will appear. They can choose from **Returned for clarification** for changes that need to be made or select **Completed - Full Ethics Application not required** alternatively **Completed - Full Ethics Application required** and then click **Done**

The Student will receive a notification in email displaying the decision advising them of the outcome.

Module 5: Researcher Pre-Screening Questionnaire

If you are a Researcher and you are required to complete a Pre-Screening Questionnaire you will log in to eRA.

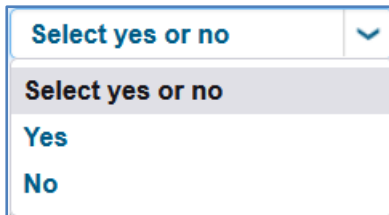

This is what your dashboard will look like if you are a researcher.

The Applicant navigates to pre-screening:

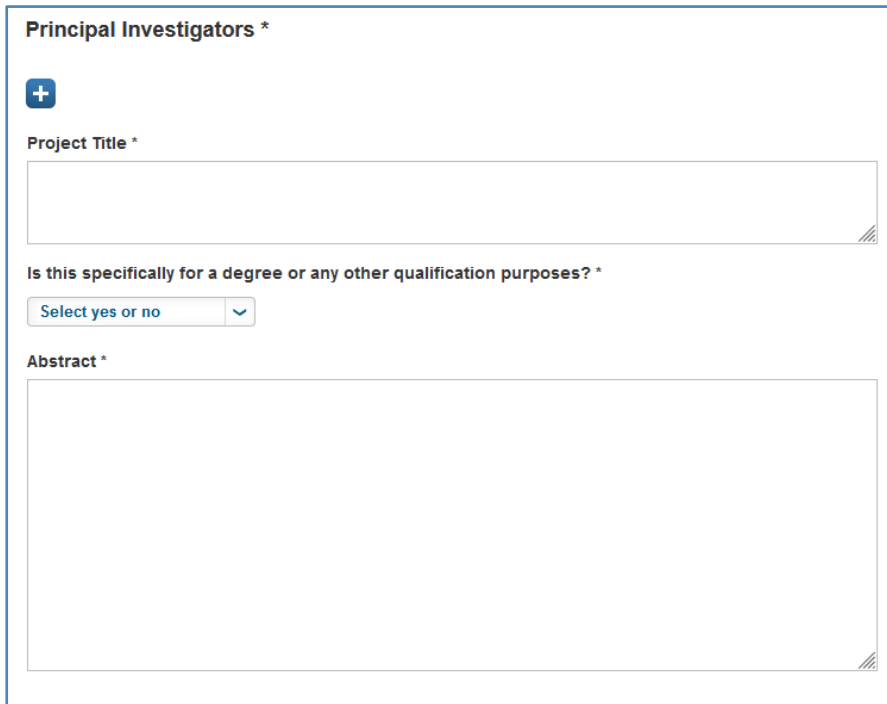

1. Click **Add New Content**
2. Click **Ethics Management**
3. Click **Pre-Screening Questionnaire**

Once you have opened the Pre-Screening Questionnaire you may complete the form

A screenshot of a dropdown menu. The top bar contains the text "Select yes or no" and a downward-pointing chevron icon. Below this, the text "Select yes or no" is repeated in a greyed-out font. Underneath, the options "Yes" and "No" are listed in a standard blue font.

The applicant must complete each question in the form by selecting the appropriate **Yes** or **No** response in the dropdown box.

A screenshot of a form section titled "Principal Investigators *". At the top left is a blue square button with a white plus sign. Below it is the label "Project Title *" followed by a text input field. Underneath is the question "Is this specifically for a degree or any other qualification purposes? *" followed by a dropdown menu with "Select yes or no" and a chevron icon. At the bottom is the label "Abstract *" followed by a large text area.

The Applicant adds principal investigator, project title, abstract and Departmental Authority.

Departmental Authority *

Click on the **blue plus sign** and insert the name of the **Departmental Authority**.
