## *Changing majors*

# Registration Activity Guide: Student-facing Steps (BSC)

## 1. Login on PeopleSoft.

## 2. On the Student Home Page, click on the Tasks tile.

## 3. On the Tasks page, click on University of Cape Town Registration to open the Registration Activity Guide.

# Registration Activity Guide: Student-facing Steps (BSC)

If at this point you want to change your programme, you will need to follow the Change of Curriculum (ACA09) process. As soon as your Change of Curriculum request has been actioned, you can finalise your Registration Process by continuing with Step 12.

**9. To start populating your registration shopping cart, click on the Add Additional Courses button.**

If you are a returning student, aside from picking the courses you need to register for in the particular year, also remember to add the courses you failed/dropped in the previous year. Be mindful of rules of progression and pre-/co-requisite rules that might apply and make your selection accordingly.

**10. On the Select a Value page, click on the appropriate year to which you want to add courses.**

8. Upon clicking on the My Courses step (Step 12), a Pop-up Message with the applicable Active Programme and Plan appears with an instruction of where to add courses. Click OK.

The down arrow will reveal your majors. If you can change your majors it will provide you with a message. Please refer to the next slide for message A and message B.

6. Should a student not meet the criteria to change their major, a message will be provided as such. The student is should either stay with the original major of choice or contact an advisor for assistance.

Message A
